

Chemistry Fun

Did you know that chemistry can be loads of fun? Join Phyllis Endicott for her last science class of the season and learn about Ph balance, cooking chemistry and other chemical reactions in this hands-on, engaging class. Each student works with their own experiments as they learn about the basics of chemistry.

For children ages 7 and up. To register, please call 454-7941 or go to www.scparks.com.
